

Chifley Library opens entry level 24/7

Chifley Library's entry level (Level 2) commenced 24/7 opening hours in May, providing ANU students a safe and connected place to study throughout the night.

This change followed an incredibly successful trial of 24/7 opening hours late last year, which saw more than 13,000 students visit Chifley Library during the trial.

If you have feedback or comments about 24/7 opening in Chifley Library, [please email the Library](#).

Electronic Records Management System live

The Electronic Records Management System (ERMS) was released to the ANU community in May, replacing the former paper-based Central Records System (CMS).

The ERMS will improve our ability to capture and manage the University's business records and make it easier for staff to search and find what they are looking for in one location.

For more information, or to access the ERMS, visit the [University Records website](#).

New ANU Archives collections

- A small collection of glass slides and negatives from the estate of Miss Joan Duffield (1910-2014), daughter of Professor Walter Geoffrey Duffield, the inaugural Director of the Commonwealth Solar Observatory at Mount Stromlo. The collection has been digitised (example above).
- The papers of Della (Kondelea) Elliott (1917-2011) were donated to the Noel Butlin Archives Centre, joining those of her husband Eliot Valens Elliott, General Secretary of the Seamen's Union of Australia from 1941 to 1978.

Access online newspaper databases

ANU students and staff can access thousands of full-content, digital newspapers—both national and international—and magazines via the Library's subscription to various databases.
